

The diagram shows a rectangular tag with rounded corners, outlined in black. At the top, there are two horizontal oval shapes representing punch holes. A dashed blue line forms a rectangle within the tag, defining the safe area. A dashed red line forms a larger rectangle, defining the bleed area. The text is located in the upper left portion of the safe area. Below the text, there are two horizontal dashed gray lines. The first dashed gray line is positioned just below the text. The second dashed gray line is positioned further down, above a rounded rectangular shape that represents a pocket or a specific section of the tag. This shape also contains a horizontal dashed gray line. The entire tag is set against a background with a red dashed border.

Blue line is safe area (3.4375" x 4.75")

Black line is tag edge (3.8125" x 5.5")

Red line is bleed area (4.0625" x 5.75")
